ANNOUNCEMENT

Welcome Message

I am delighted to announce that Coloproctology 2020 (the Annual Meeting of the Malaysian Society of Colorectal Surgeons) will be held in March as previous years. It will be convened in the beautiful city of Ipoh which I believe will be a destination preferred by many.

The Organising Committee has prepared an elaborate scientific programme that will be delivered by esteemed Malaysian and overseas experts. There will also be a live surgery Pre-Congress workshop that will be held in Hospital Raja Permaisuri Bainun, Ipoh, Perak. The scientific programme will suit all levels of healthcare providers from allied health professionals, paramedics, nurses, specialist trainees and consultants. As have been done before, there will also be a programme for the colorectal cancer survivors' support group i.e. CORUM.

I believe that the city of Ipoh has plenty to offer with historical and heritage places that will awe us. It is also a city full of natural beauty with incredible landscapes for our families to explore and have fun with.

I feel honoured and privileged to invite you to save this date in your diary and let us meet up and enjoy Coloproctology 2020 in Ipoh, Malaysia.

Best Poster Award

The Best Poster is for the best original scientific or clinical paper submitted by young surgeons in Malaysia for presentation at the Coloproctology 2020. This award will hopefully encourage a high standard of research and scientific presentations among young surgeons.

THE PRIZE

There will be three (3) Best Poster Awards:

1st Prize - RM1,000

2nd Prize - RM750

3rd Prize - RM500

REGULATIONS

1. The competition is open to all young surgeons and surgical trainees currently working in Malaysian institutions who are below 35 years old as on 1st January 2020.
2. The work submitted may be from any surgical specialty, and it may take the form of clinical trials, surveys, retrospective studies, laboratory experiments or any other form of unpublished original work.
3. The bulk of the work which are submitted must be performed by the author himself/herself even though he/she may have done the work in conjunction with other doctors or agencies either locally or overseas. However, the work must be carried out in Malaysia.
4. The author must submit a signed declaration of his/her age, that his/her paper has not been published or presented elsewhere and the presenter has done most of the work.
5. The abstracts for poster presentation are to be submitted online at www.colorectalmy.org
6. The closing date for receipt of abstracts is 15th January 2020.
