

Royal College of Surgeons of England International Surgical Training Programme (ISTP)

**The RCS invites applications across all surgical specialties for
UK vacancies opening early 2019.**

The International Surgical Training Programme (ISTP) offers International Medical Graduates the opportunity to undertake clinical training and experience in the UK National Health Service (NHS) for a maximum of two years.

The RCS is able to facilitate registration with the General Medical Council and sponsorship for the supporting Tier 5 (Government Authorised Exchange) visa.

Benefits

- RCS will match you to a UK post appropriate to your experience and training requirements
- Possibility of completing placements in multiple hospitals and across sub-specialties
- Develop a wide range of transferable skills such as leadership, management, audit and research
- Receive a UK salary at standard NHS rates.

Eligibility Requirements

Details regarding the ISTP and eligibility can be found on [our website](#).

How to apply

Email mti@rcseng.ac.uk for an application pack.

Shortlisted candidates will be invited to interview. Interviews will take place via Skype and applicants will be assessed on their clinical competencies, communication skills and knowledge of the NHS.

Deadline for applications

Friday 19th October 2019
